**Notes: Updated 3 March 2010**

1. We reserve the right to cancel/postpone courses.
2. All courses can be delivered as in-house training. The course content will then be customized to suit client processes, products, priorities and time availability. Rates are usually less if at least 6 people attend the training and we do it at your venue. What we have done for other clients:
  - Extend a 5 day course to 10 days by including additional training needs.
  - Space the course to only mornings or afternoons
  - Shorten a course to only address a specific training need
  - Run modules as separate learning interventions over a longer period of time
3. Certification of courses:
  - a. Certified by International Association for Law Enforcement Intelligence Analysts (IALEIA)
  - b. Certified by IALEIA and Intelligence Studies College
  - c. In process of accreditation with SASSETA/Services Seta
  - d. Course on or NQF6 or higher: no certification available
