

Short Course: Internet Intelligence

(3 days)

Target Audience:

All knowledge workers: Analysts, researchers, investigators, managers and consultants who need to find high value information quickly using the Internet, manage that information more efficiently and communicate the findings.

NQF Level 6
Fees: R5000 (ex VAT)
Open courses for 2009:
24-26 June
29-31 July
2-4 September
11-13 November

Course Outcome:

The learner should be able to:

- Understand the Internet
- Apply the OSINT process of Planning, Collecting, Managing, Analysing and Communicating
- Practice advanced search techniques
- Profile, analyse and evaluate websites
- Use different social tools and multimedia sources for intelligence collection
- Be aware of security and private issues in internet collection
- Set up a personal/desk Internet information management system
- Compile an Open Source Intelligence report with proper references.

Certification:

4Knowledge Certificate of attendance at end of course and Stellenbosch University Certificate of Competence at successful completion of assignment.
